(Avire)

Concept

Connecting & Protecting People

(Avire)

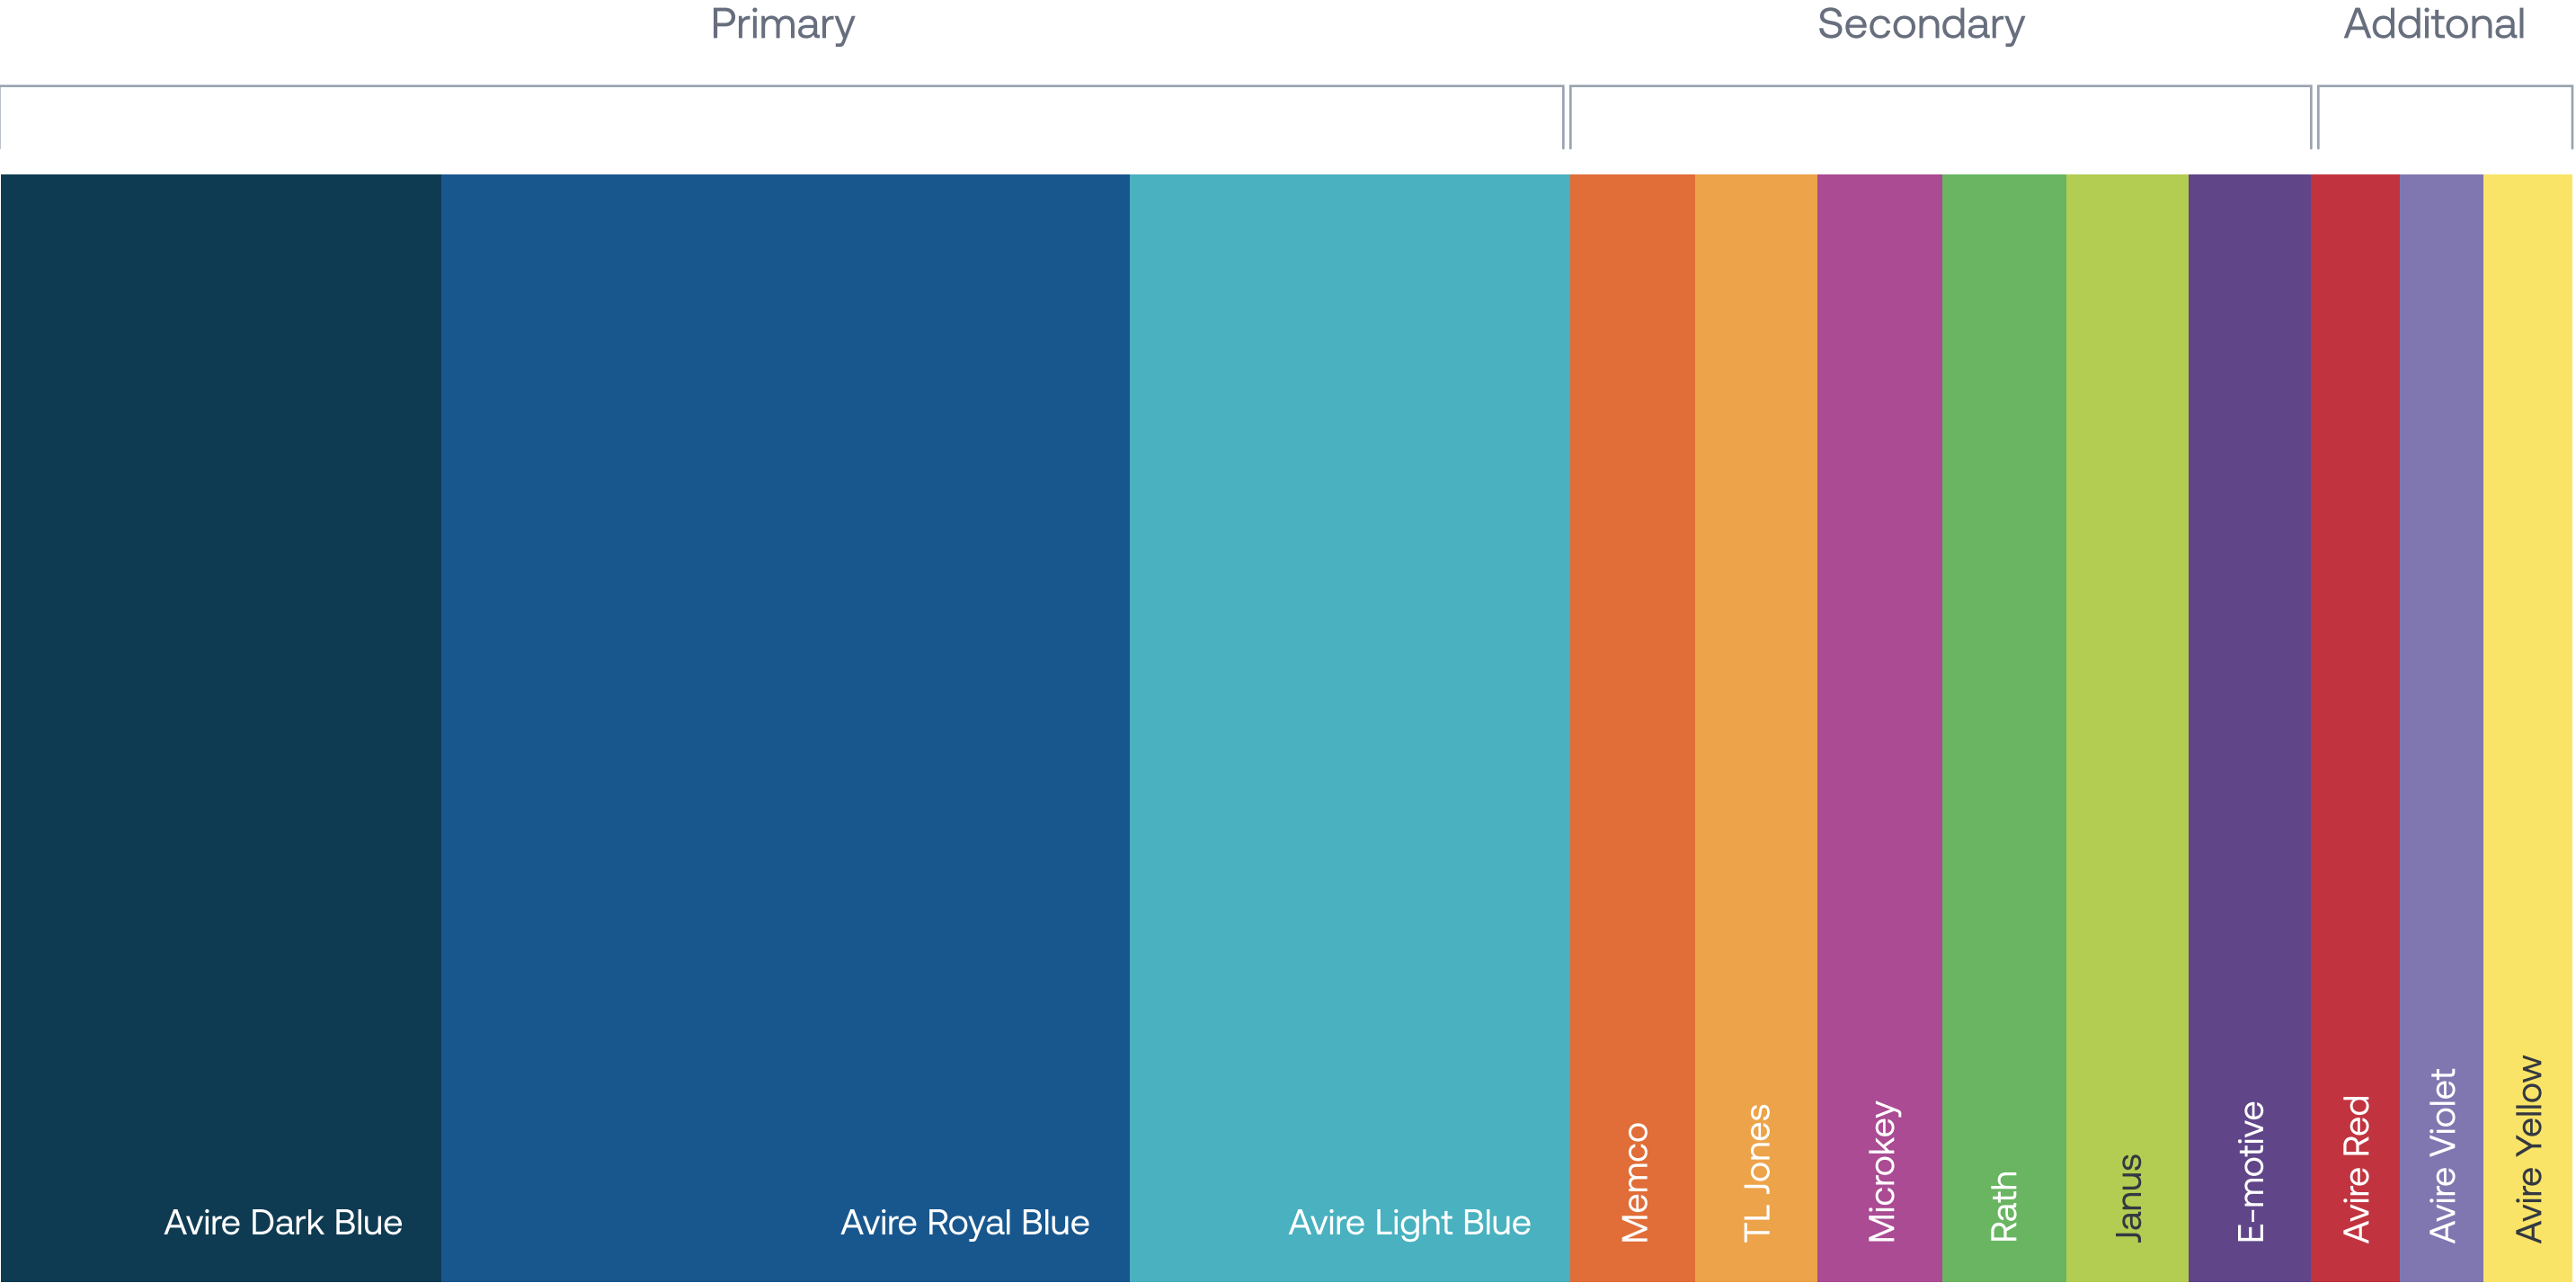

Expertise — Global reputation — Technological
— Safety — Trust — Reliability — Quality

(Attributes)

Brand Moodboard

References of color, typography, shapes and graphic resources...

Color

Being a positioned company, we will use the colours
established in the brand guidelines

Predominance of blue and white. Blue and secondary colours (as it may apply) for headers details and highlights. White as the predominant background colour.

Typography

active.
technological.
caring.

Our inspiring benefits

01

Turn leads in the clients

Qualitatively manage your potential clients' funnel, creating the promise of long-term partnerships.

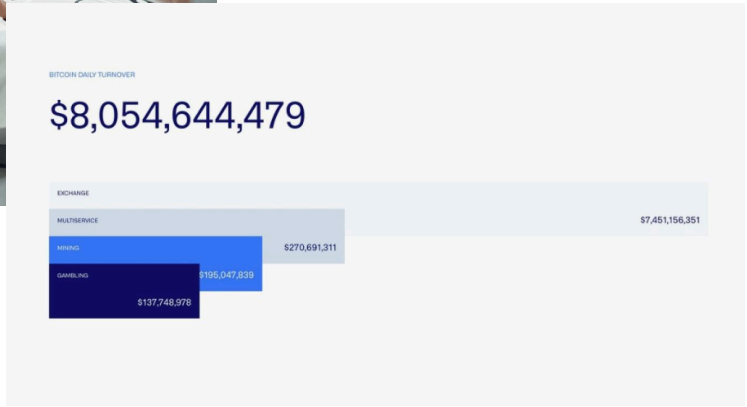

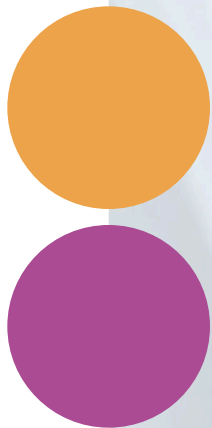

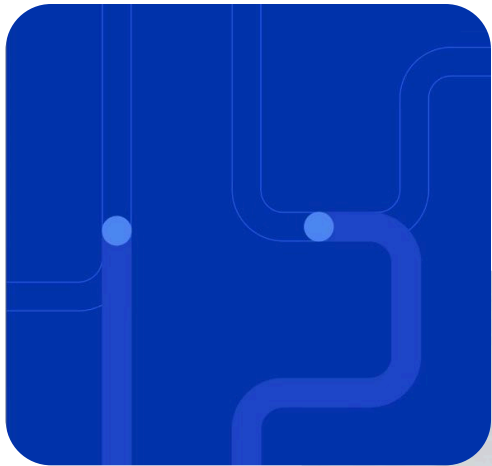

We propose to use a different typeface that represents the Avire attributes, with unique features that show the expertise and security of the brand. We want to create hierarchies to generate dynamism and rhythm in a system that can be replicated in different languages.

Graphic resources

Lines representing connection and movement. Give a human touch to the technical part with photographs, graphic resources, and soft geometric shapes representing safety, professionalism, quality and closeness.

Final Moodboard

Our inspiring benefits

01 Turn leads in the clients

Qualitatively manage your potential clients' funnel, creating the promise of long-term partnerships.
